Reflection - Simulation on Major Issues in the 1950s  Due Friday, April 11, 2014

Name ______________________  Group ______________________

What was your group’s position on (a) school desegregation funding, (b) federal funding of interstate highways, and (c) federal marshals supervise African American voting and WHY?

a) __________________________________________________________

___________________________________________________________________________________________

___________________________________________________________________________________________

___________________________________________________________________________________________

b) __________________________________________________________

___________________________________________________________________________________________

___________________________________________________________________________________________

___________________________________________________________________________________________

c) __________________________________________________________

___________________________________________________________________________________________

___________________________________________________________________________________________

___________________________________________________________________________________________

What issue did your group want to introduce? Why?

____________________________________________________________________________________________

____________________________________________________________________________________________

____________________________________________________________________________________________

____________________________________________________________________________________________

Describe how your group’s strategy to garner votes:

____________________________________________________________________________________________

____________________________________________________________________________________________
What evidence / arguments were the most convincing? Why?

What did you learn about the House of Representatives and passing legislation?

What did you learn about issues in the 1950s? How are these issues connected to other time periods in US history?

If you were a member of the House of Representatives in the 1950s, which issue would be important to you? Why?
